General Properties **By Function** **Support for Open Science**

Name	Status	Description
AAS Open Research	Open	AAS Open Research is a platform for rapid publication and open peer review for researchers supported by the AAS and programs supported through its funding platform, AESA.
Advance (Sage preprint)	Open	Advance: a SAGE preprints community allows researchers within the fields of humanities and social sciences to post their work online and free of charge.
AfricArxiv	Open	AfricArXiv is a community-led digital archive for African research, working towards building an African-owned open scholarly repository; a knowledge commons of African scholarly works to catalyze the African Renaissance.
AgEcon Search	Open	AgEcon Search is a free-to-user Web site that contains the full text of working papers, conference papers and journal articles in applied economics, including the subtopics of agricultural, consumer, energy, environmental, and resource economics.
AgriRxiv	Open	agriRxiv (pronounced 'agri-archive') is a free, open access source of unpublished preprints across the agricultural sciences.
AMRC Open Research	Open	A platform for rapid author-led publication and open peer review of research funded by AMRC member charities
APSA Preprints	Open	Early research outputs in political science and related disciplines
Arabixiv	Closed to Submission	The Arabic multidisciplinary preprint server for science.

Name	Status	Description
	Only	
ARPHA Preprints	Open	The submission systems limited to the participating ARPHA journals
ART-Dok	Open	ART-Dok is the full-text server of the Specialised Information Service for Art, Photography and Design, arthistoricum.net and is made available by Heidelberg University Library. It offers members of the academic community worldwide the opportunity to publish their texts in electronic format on the internet at no charge.
arXiv	Open	arXiv is a free distribution service and an open-access archive for 1,871,031 scholarly articles in the fields of physics, mathematics, computer science, quantitative biology, quantitative finance, statistics, electrical engineering and systems science, and economics. Materials on this site are not peer-reviewed by arXiv.
Authorea	Open	Authorea is the leading collaborative platform to read, write, and publish research.
Beilstein Archive	Open	The Beilstein Archives is currently limited to publishing preprints of unpublished research results in the fields of organic chemistry and nanotechnology. At this time, we are only publishing preprints that are intended for publication in one of the Beilstein Journals
Bepress Legal Repository	Open	The bepress Legal Repository offers working papers and pre-prints from scholars and professionals at top law schools around the world.
biohackrxiv	Open	Preprints for BioHackathons
bioRxiv	Open	bioRxiv (pronounced "bio-archive") is a free online archive and distribution service for unpublished preprints in the life sciences.
BodoArXiv	Open	BodoArXiv gathers scholarly literature in medieval studies across the disciplines. It provides an open, non-profit repository for papers at different stages of gestation, including works that may later find themselves in article form and/or behind a paywall.

Name	Status	Description
Cell Press Sneak peek	Open	Manuscript under review in Cell Press journals
CERN document server	Open	CERN Document Server is where you can find the Library catalogue (books, ebooks, e-journals, standards) and the CERN scientific output (articles, preprints, reports, CERN Annual reports, Yellow Reports, CERN Bulletin, etc.)
ChemRxiv	Open	ChemRxiv (pronounced 'chem-archive') is a free submission, distribution and archive service for unpublished preprints in chemistry and related areas.
ChinaXiv	Open	ChinaXiv is an open repository and distribution service for scientific researchers in the field of natural science, which accepts scholarly preprints and conditionally accepts published articles.
Cogprints	Closed to Submission Only	Welcome to CogPrints, an electronic archive for self-archive papers in any area of Psychology, Neuroscience, and Linguistics, and many areas of Computer Science, Philosophy, Biology, Medicine, Anthropology, as well as any other portions of the physical, social and mathematical sciences that are pertinent to the study of cognition.
CrimRxiv	Open	CrimRxiv is criminology's open archive: a place to find and provide free information, knowledge, and understanding.
CrossAsia-Repository	Open	CrossAsia-Repository, the full-text server of the Virtual Library CrossAsia is the platform for publishing and archiving research literature in Asian Studies. Academics from all over the world are offered the possibility to publish their research on all fields of Asian Studies free of charge and without access limitation.
Cryptology ePrint Archive	Open	The Cryptology ePrint Archive provides rapid access to recent research in cryptology. Papers have been placed here by the authors and did not undergo any refereeing process other than verifying that the work seems to be within the scope of cryptology and meets some minimal acceptance criteria and publishing conditions.
Digital Access to Scholarship Harvard	Open	Harvard Library Open Scholarship and Research Data Services operates the DASH repository as an effort to provide the broadest possible access to Harvard's scholarship. DASH hosts

Name	Status	Description
		a wide range of Harvard-affiliated scholarly works, including pre- and post-refereed journal articles, conference proceedings, theses and dissertations, working papers, and reports.
Dspace @ MIT	Open	DSpace@MIT is a digital repository for MIT's research, including peer-reviewed articles, technical reports, working papers, theses, and more.
E-lis	Open	Established in 2003, e-LIS is an international digital repository for Library and Information Science (LIS), including Communication.
Earth-prints Repository	Open	Earth-Prints is an open archive created and maintained by Istituto Nazionale di Geofisica e Vulcanologia. This digital collection allows users to browse, search and access manuscripts, journal articles, theses, conference materials, books, book-chapters, web products.
EarthArXiv	Open	EarthArXiv has officially agreed to partner with the California Digital Library (part of the University of California system) as our server host and submission platform using a system called Janeway (developed at Birkbeck, University of London).
EasyChair preprints	Open	EasyChair Preprints allow our users to publish preprints using the EasyChair environment.
EcoEvoRxiv	Open	Information about a free preprint service for ecology, evolution and conservation.
ECONSTOR	Open	EconStor can help you to disseminate your publications in Economics and Business Studies visibly and effectively.
ECSarXiv	Open	A free preprint service for electrochemistry and solid state science and technology.
EdArXiv	Open	A Preprint Server For The Education Research Community
engrxiv	Open	The open archive of engineering
ERIC	Open	ERIC is a comprehensive, easy-to-use, searchable, Internet-based bibliographic and full-text database of education research and information.
ESSOAr	Open	The Earth and Space Science Open Archive (ESSOAr) is a community server established to accelerate the open discovery and dissemination of earth, environmental, and space science

Name	Status	Description
		research by archiving and sharing early research outputs, including preprints, presentations from major scientific meetings, and important documents of scholarly societies.
F1000 Research	Open	An open access publishing platform supporting data deposition and sharing. Publish all your findings including null results, data notes and more. Engage with your reviewers openly and transparently. Accelerate the impact of your research.
Figshare	Open	figshare is a repository where users can make all of their research outputs available in a citable, shareable and discoverable manner
FocUS Archive	Open	A free preprint service for the focused ultrasound research community.
Frenxiv	Closed to Submission Only	
Gates Open Research	Open	Gates Open Research is a platform for rapid author-led publication and open peer review of research funded by the Bill & Melinda Gates Foundation
HAL	Open	HAL is an open archive where authors can deposit scholarly documents from all academic fields.
HRB Open Research	Open	HRB Open Research is a platform for HRB-funded researchers to rapidly publish their research outputs in an open and accessible way
INA-Rxiv	Closed to Submission Only	Openness of science in Indonesia.
IndiaRxiv	Open	Preprints repository server for India
JMIR Preprints	Open	A preprint server for pre-publication/pre-peer-review preprints intended for community review as well as ahead-of-print (accepted) manuscripts.
Jxiv	Open	Jxiv is the full-fledged preprint server in Japan that makes unpublished, pre-reviewed papers(preprints) available for open access. Jxiv allows users to submit and publish preprints in all research fields including natural sciences, humanities, social

Name	Status	Description
		sciences, and interdisciplinary sciences in either Japanese or English. There is no charge for submitting, publishing, and viewing preprints
LawArxiv	Closed to Submission Only	
LingBuzz	Open	Welcome to LingBuzz, an article archive and a community space for Linguistics. You are highly encouraged to upload your articles - old and new, published or not.
LIS Scholarship Archive	Closed to Submission Only	LISSA is a place where anyone can have access to library and information science scholarship, in all its forms. As librarians and archivists, we are committed to service permanence, sustainability, discoverability, and ease of access and use.
LSE Research Online	Open	Welcome to LSE Research Online, the institutional repository for the London School of Economics and Political Science.
MarXiv	Open	MarXiv (rhymes with "archive") is the free repository for ocean and marine-climate research.
Mathematical Physics Preprint Archive	Open	mp_arc is an electronic archive for research papers in Mathematical Physics and related areas.
MediArXiv	Open	Open Archive for Media, Film, and Communication Studies.
MedRxiv	Open	medRxiv (pronounced "med-archive") is a free online archive and distribution server for complete but unpublished manuscripts (preprints) in the medical, clinical, and related health sciences.
MetaArXiv	Open	An interdisciplinary archive of articles focused on improving research transparency and reproducibility.
MindRxiv	Open	Open archive for research on mind and contemplative practices
MitoFit Preprints Archive	Open	The Open Access preprint server for mitochondrial physiology and bioenergetics
MNI Open Research	Open	MNI Open Research is a platform for rapid publication and open peer review of research conducted by Montreal Neurological Institute and Hospital researchers.

Name	Status	Description
Munich Personal RePEc Archive	Open	This repository is intended to disseminate research papers of economists who want to make their work freely available through the RePEc network but are not affiliated with any institution that provides that furtherance.
Nature Precedings	Closed to Submission Only	Nature Precedings functioned as a permanent, citable archive for pre-publication research and preliminary findings. It was a place for researchers to share documents, including presentations, posters, white papers, technical papers, supplementary findings, and non-peer-reviewed manuscripts.
NutriXiv	Closed to Submission Only	A preprint service for the nutritional sciences.
Open Anthropology Research Repository	Open	Prepublication platform covering all aspects of anthropological research, hosting preprints, teaching materials, conference papers, and posters.
Open Research Europe	Open	Open Research Europe is an open access publishing platform for the publication of research stemming from Horizon 2020 funding across all subject areas. The platform makes it easy for Horizon 2020 beneficiaries to comply with the open access terms of their funding and offers researchers a publishing venue to share their results and insights rapidly and facilitate open, constructive research discussion.
Organic Eprints	Open	Organic Eprints is an international open access archive for papers and projects related to research in organic food and farming. The archive contains full-text papers in electronic form together with bibliographic information, abstracts and other metadata.
OSF preprints	Open	The launch of OSF Preprints branded services continues COS's ongoing commitment to open and transparent research practices. The new preprints service is built on our flagship platform, OSF, which helps researchers design and manage their project workflow, data storage, DOI management, and collaboration.
PaleorXiv	Open	A preprint archive for Paleontology

Name	Status	Description
PeerJ Preprints	Closed to Submission Only	Initially, developed as preprint server for PeerJ submissions
Philsci Archive	Open	Welcome to PhilSci-Archive, an electronic archive specifically tailored to and run by philosophers of science. The archive is offered as a free service to the philosophy of science community. Its goal is to promote communication in the field by the rapid dissemination of new work.
Preprints with The Lancet	Open	In 2018, the Lancet journals initiated a collaboration with the research sharing platform SSRN to offer authors a dedicated preprint area called Preprints with The Lancet. Preprints available here are not Lancet publications or necessarily under review with a Lancet journal.
Preprints.org	Open	Preprints is a platform dedicated to making early versions of research outputs permanently available and citable.
Preprints.ru	Open	Preprint server for interdisciplinary research in Russia
PropylaeumDok	Open	Propylaeum-DOK - Digital Repository Classical Studies is the full-text server of the Specialized Information Service Classics and is made available by the University Library of Heidelberg. It offers members of the academic community worldwide the opportunity to publish their texts in electronic format on the internet at no charge. All kinds of publications (like monographs, articles, lectures) in the fields of Classical Studies can be stored on "Propylaeum-DOK".
PsyArXiv	Open	A free preprint service for the psychological sciences
Research Square	Open	Research Square lets you share your work early, gain feedback from the community, and start making changes to your manuscript prior to peer review in a journal.
RinarXiv	Open	RINarxiv Beta Release 2.0 is a community-led digital archive for unpublished preprints of Indonesian research communication. RINarxiv is dedicated to foster research and collaboration among Indonesian scientists, enhance the visibility of Indonesian research output and to increase openness.
Rutgers Optimality Archive	Open	A distribution point for research in Optimality Theory and its conceptual affiliates

Name	Status	Description
SciELO Preprints	Open	SciELO Preprints Collection is an integral part of SciELO, an international cooperation program aiming at the development of open access scientific communication covering all areas of knowledge. It operates as a collection of non-peer-reviewed manuscripts within the SciELO Network of national and thematic collection of journals.
ScienceOpen	Open	ScienceOpen is a discovery platform with interactive features for scholars to enhance their research in the open, make an impact, and receive credit for it. We provide context building services for publishers, to bring researchers closer to the content than ever before.
Sciencepaper Online	Open	Sciencepaper Online is an open repository and distribution service for scientific researchers in the field of all scientific fields
SocArxiv	Open	SocArXiv, open archive of the social sciences, provides a free, non-profit, open access platform for social scientists to upload working papers, preprints, and published papers, with the option to link data and code.
SportRxiv	Open	The open access subject repository for Sport, Exercise, Performance, and Health research.
SSOAR	Open	The full-text server SSOAR, which is maintained at GESIS – Leibniz Institute for the Social Sciences, collects and archives literature of relevance to the social sciences and makes it available in open access on the Internet in accordance with the Berlin Declaration on Open Access to Knowledge in the Sciences and Humanities.
SSRN	Open	SSRN is devoted to the rapid worldwide dissemination of research and is composed of a number of specialized research networks.
TechRxiv	Open	TechRxiv (pronounced "tech archive") is an open, moderated preprint server for unpublished research in electrical engineering, computer science, and related technology.
Therapoid	Open	Therapoid is a scientist-driven platform that accelerates collaboration for therapeutic discover, development and delivery.

Name	Status	Description
ViXra	Open	An alternative archive of 36951 e-prints in Science, Mathematics & Other Scholarly Areas serving the whole scientific community
Wellcome Open Research	Open	Wellcome Open Research provides all Wellcome researchers with a place to rapidly publish any results they think are worth sharing. All articles benefit from rapid publication, transparent peer review and editorial guidance on making all source data openly available.
WikiJournal Preprints	Open	The WikiJournal Publishing Group is a set of open-access, peer-reviewed academic journals with no publishing costs to authors. Its goal is to provide free, quality-assured knowledge.
Zenodo	Open	Built and developed by researchers, to ensure that everyone can join in Open Science.
